

DELTA ISLAND ADAPTATIONS

PUBLIC DESIGN WORKSHOP

Join for public commentary on proposed land use changes for Bouldin Island!

WHEN:

9:00am - 1:00pm
Tuesday, Nov. 15th, 2022

The **Delta Island Adaptations Project Team** invites the public to discuss proposed land use changes on Bouldin Island in the context of the following objectives:

- Subsidence Reversal
- Habitat Improvement
- Ecocultural Restoration
- Recreation/Access
- Greenhouse Gas Emissions Reduction
- Delta-wide Benefits
- Sustainable Economics
- Water Quality
- Sustainable Agricultural Practices
- Community Partnerships

WHERE:

Jean Harvie Community Center
14273 River Rd,
Walnut Grove, CA 95690

AGENDA:

- Presentation by project team
- Questions from the public
- Interactive workshop

The project's technical advisory committee will be present and participating in this workshop. All public input will be incorporated into the advancement of design scenarios as part of the project's co-design process.

Funded under Prop 1 Watershed Restoration Grant Q2096022, and is unrelated to the Delta Conveyance Project
